

# LIFETIME (PVD) FINISHES

---

---

## All Lifetime finishes are not alike.

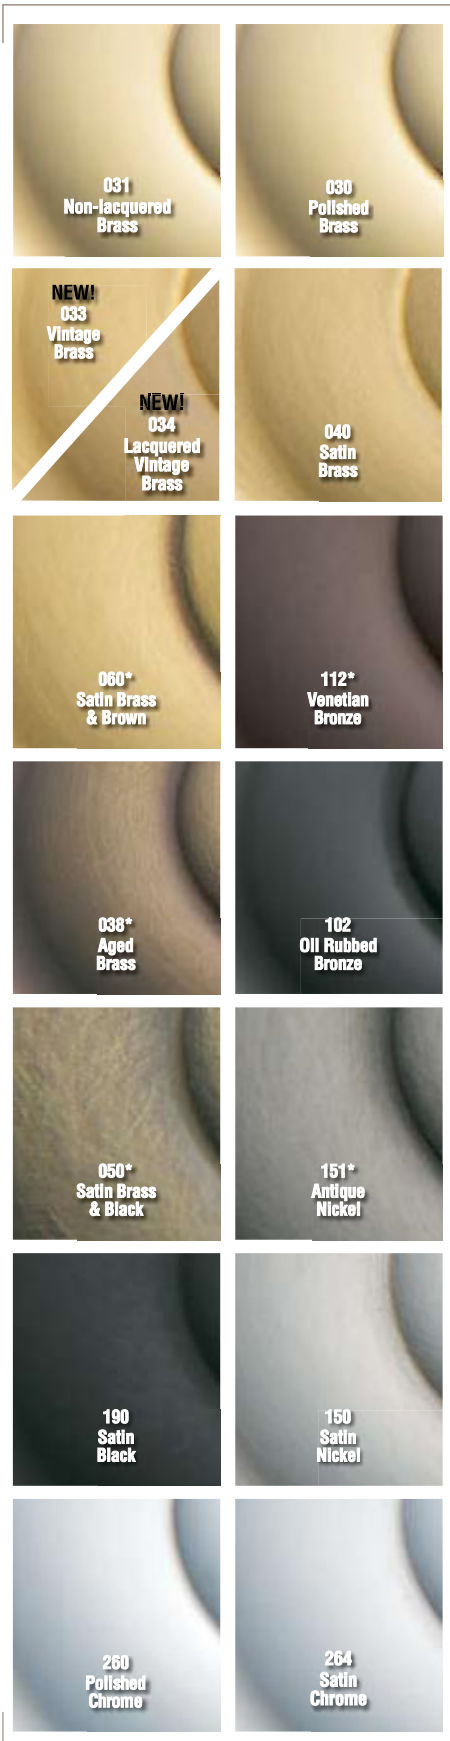

The Baldwin Lifetime Finish uses a sophisticated formulation of layered alloys to create crisp detailing, brilliantly pure color, and outstanding resistance to corrosion—particularly in salt air environments.

---

- > Made with patent-protected technology that interrupts the aging process
- > Available in Polished Brass, Polished Nickel and Satin Nickel Lifetime finishes.

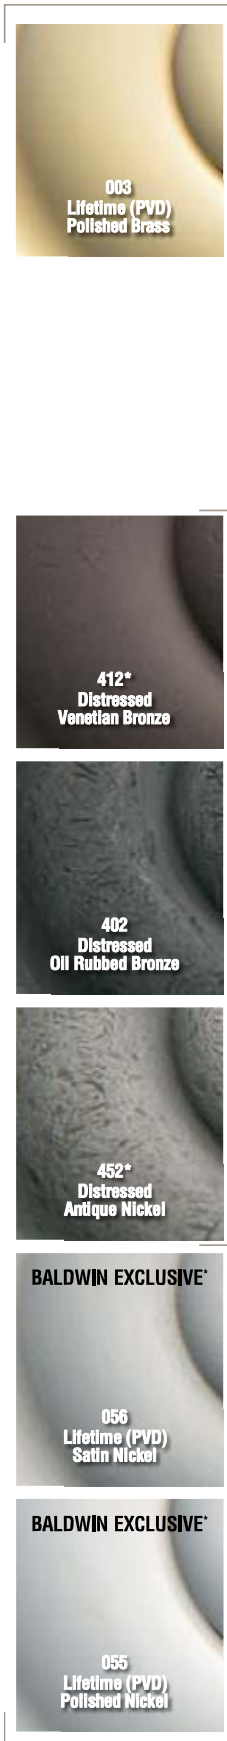

# BALDWIN FINISHES

## TIER 1

## TIER 2

## TIER 2

## BRONZE FINISHES

### \*HAND-RELIEVED FINISH VARIANCES:

(038, 050, 060, 112, 151, 412, 452)

Product finishes which are HAND RELIEVED may vary in luster, hue and appearance as a result of handcrafted variances in the final finishing step.

### DISTRESSED FINISHES:

Not all hardware is available Distressed. The rugged tumbling process would damage some components. In cases where distressing is not possible, the equivalent non-distressed finish will be provided.

412 = 112

402 = 102

452 = 152 Antique Nickel with Matte lacquer (151 has gloss lacquer)

Hardware NOT available distressed includes:

- > All mortise locks, cylinders, latches, strikes
- > Certain levers & handleset trim (noted on those pages)

Baldwin #	US #	BHMA #
030 =	3	605
031 =	3NL	-
040 =	4	606
050 =	5	609
060 =	6	608
102 =	10B	613
